Technology Systems

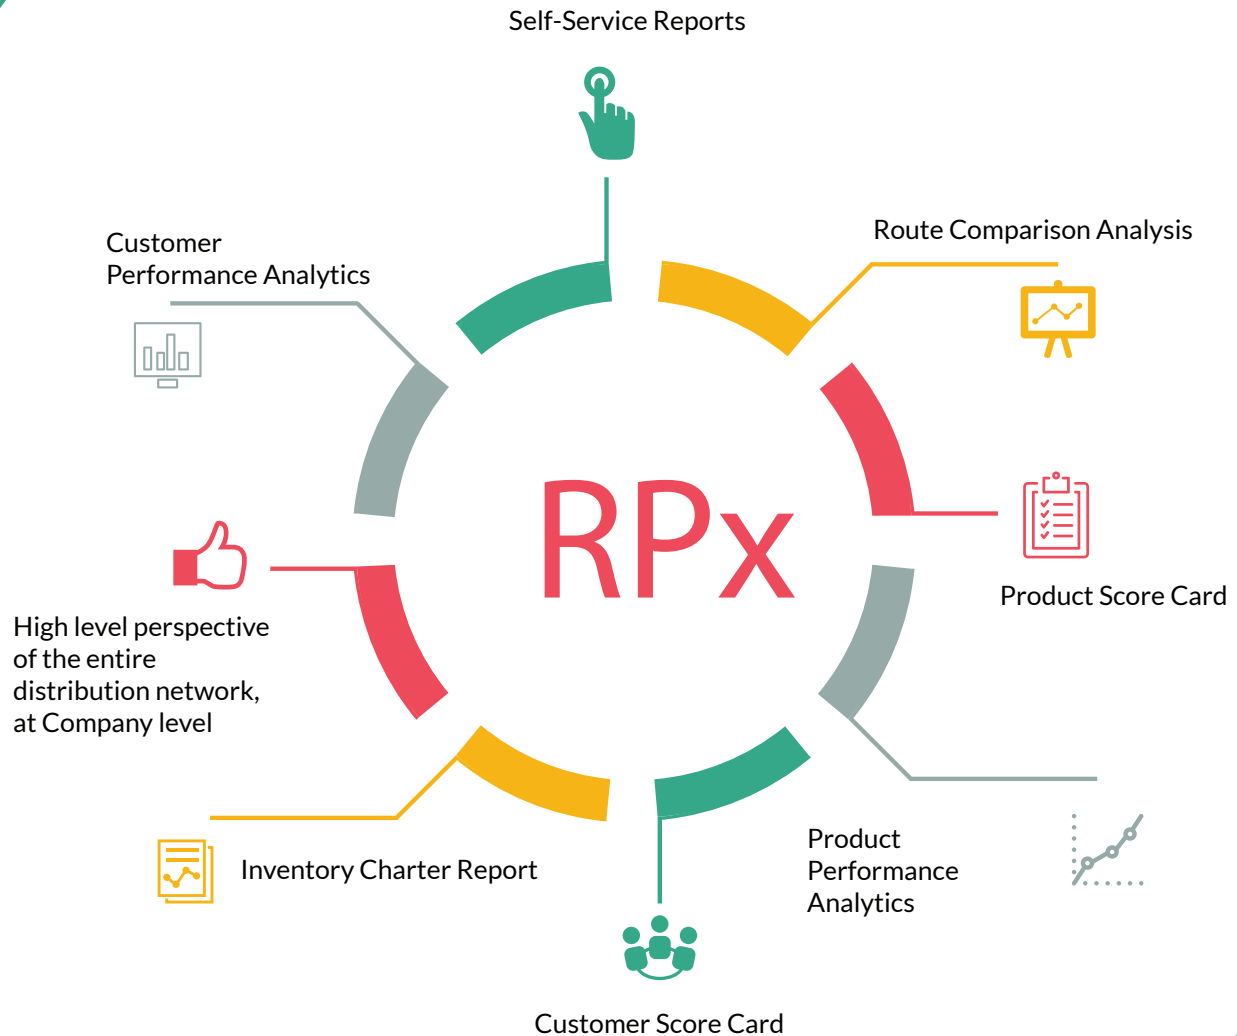

Dashboards can also draw data from many other sources such as your financials or reporting systems. This means that your people can be empowered with meaningful information in real time that can help monitor performance, measure them against the set standards and identify gaps, if any and resolve problems. These steps will lead to the company maintaining a high level of customer satisfaction.

RPx comes with :

- Pre-defined Data Model & KPI Repository
- Ready to use Visually Stunning Dashboards, Scorecards & Reports
- Access Anytime, Anywhere, Local Area network, Internet Browser, iPad or Mobile

RPx provides the following analytical capabilities
